

LINWOOD E. HOWE
ELEMENTARY SCHOOL

Community Support

Linwood Howe Elementary in Culver City serves over 550 kids in grades TK-5. Located in the heart of downtown Culver City, the students and families are frequent supporters and customers at all of our neighboring businesses.

Supporting Your Neighborhood Public School

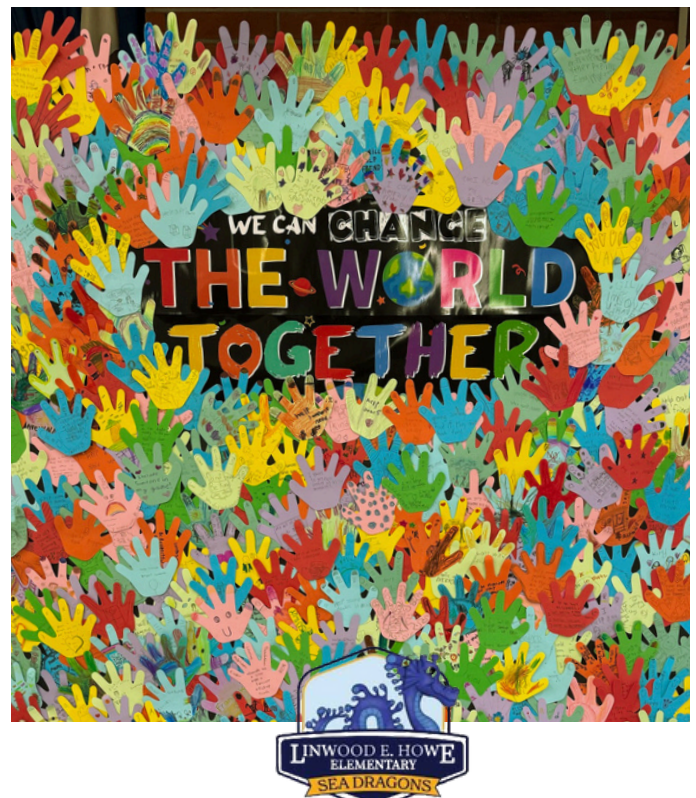

Every year, we ask families and friends to help bridge the gap between what our school needs and what the state and our district has budgeted. Our families donated over \$100,000 last year but unfortunately that is not enough. We rely on community partners like yourself to help fulfill those extra needs.

We have created sponsorship opportunities that we thought our neighboring businesses might enjoy but would equally love to collaborate with you on what makes the most sense for your business.

Donations are tax-deductible to the extent permitted by law. We partner with Linwood Howe's PTA and Culver City Education Foundation to receive and allocate funding.
